

Free LockMed Lock Box

Waunakee Neighborhood Connection and Waunakee Community Cares Coalition are teaming up to provide **FREE combination lock boxes** to community members to keep their prescriptions secure.

Restricting access to prescription medications helps to **reduce diversion and abuse of prescription drugs**, especially if kids and teens are in the house.

Keep your prescriptions secure and your family safe!

Features:

- **Heavy-duty** container to store your medications with a combination lock that is **easy to use** and changeable
- **Secure and easy to carry** on road trips, school, work, vacations, hospital visits, or to the Doctor's office.
 - Can hold up to **22-24 prescription bottles**.

Yes, I would like to receive a Free LockMed Lock Box from Waunakee Neighborhood Connection and Waunakee Community Cares Coalition.
